

## **Title 43. Good Samaritan and Limited Liability Law**

### **Chapter 1. Good Samaritan**

43 M.P.T.L. ch. 1 § 1

#### **§ 1. Good Samaritan**

A person licensed to practice medicine, surgery, or dentistry in any state of the United States, a person licensed as a registered nurse or certified as a licensed practical nurse in any state in the United States, and a medical technician or any person operating a cardiopulmonary resuscitator or a person trained in cardiopulmonary resuscitation in accordance with the standards set forth by the American Red Cross or American Heart Association, who, voluntarily and gratuitously and other than in the ordinary course of his employment or practice, renders emergency medical or professional assistance to a person in need thereof, shall not be liable to such person assisted for civil damages for any personal injuries which result from acts or omissions by such person in rendering the emergency care, which may constitute ordinary negligence. The immunity provided in this subsection does not apply to acts or omissions constituting gross, willful or wanton negligence.

### **Chapter 2. Limited Liability**

43 M.P.T.L. ch. 2 § 2

#### **§ 1. Immunity Regarding Opioid Antagonists**

a. For purposes of this section, "opioid antagonist" means naloxone hydrochloride or any other similarly acting and equally safe drug approved by the federal Food and Drug Administration for the treatment of drug overdose.

b. A licensed health care professional who is permitted by law to prescribe an opioid antagonist may, if acting with reasonable care, prescribe, dispense or administer an opioid antagonist to treat or prevent a drug overdose without being liable for damages in a civil action or subject to criminal prosecution for prescribing, dispensing or administering such opioid antagonist or for any subsequent use of such opioid antagonist. For purposes of this section, "opioid antagonist" means naloxone hydrochloride or any other similarly acting and equally safe drug approved by the federal Food and Drug Administration for the treatment of drug overdose.

c. Any person who, in good faith, believes that another person is experiencing an opioid-related drug overdose may, if acting with reasonable care, administer an opioid antagonist to such other person. Any person, other than a licensed health care professional acting in the ordinary course of such person's employment, who administers an opioid antagonist in accordance with this subsection shall not be liable for damages in a civil action or subject to criminal prosecution with respect to the administration of such opioid antagonist.
